

THE TORONTO INSTITUTE OF
AESTHETIC PLASTIC SURGERY

HIGHLY RECOMMENDED
COSMETIC PLASTIC SURGEON

Dr. Tom Bell, cosmetic plastic surgeon

"Dr. Trevor Born's excellent work reflects his training with the best surgeons in the country. This extraordinary skill, together with his relaxed and professional rapport with patients, made him a perfect choice when I was looking for an associate at the Toronto Institute of Aesthetic Plastic Surgery."

Michele Sponagle, staff writer, The Globe and Mail

"I knew of Dr. Born's reputation as an excellent surgeon, but it was an added plus that he was so pleasant and accessible. He and his staff were readily available to answer my questions and address any concerns, both before and after the procedure."

Dawn Thorpe, public relations, Hugo Boss

"I chose Dr. Born as my plastic surgeon because of his meticulous attention to detail and aesthetics. He also has a great sense of personal style that is reflected in his work."

Barbara Alexander, make-up artist and co-founder, Cargo Cosmetics

"Dr. Trevor Born is the consummate perfectionist. From my perspective, he is top of the list for combining an artistic sensibility with the science of surgery to create the most natural results possible."

Robert Gage, hairstylist

"In my opinion, no plastic surgeon in Canada knows more or is better at liposuction than Dr. Born. He is a master at body sculpting."

Dr. Trevor Born BSc, MD, FRCSC
